

CHEF DAY AT AIHM

‘While we savour the delicious dishes, we must not forget that there is a heat zone, a kitchen, with an efficient Team of Chef working for us.’

International Chef Day is celebrated every year to remember the professionals that build a team of efficiency not just to satisfy hunger but to justify the taste buds too. An ideal time of autumn with the calendar showing 20th is when we remember those who never forget to remember and redefine our taste. A step further as AIHM moves, the Chef Team under the guidance of Dr. Vinod Negi went an extra mile to reach the Orphanage ‘Himalaya Nav Jivan Sansthan’ and invited the children for lunch. The owner Mrs. Bindu Lukos accepted this humble gesture and was accompanied with 13 children. The students of AIHM were thus taught to make healthy food and serve the children. There wasn’t a theme of ‘Food For Super Heroes’ but the students of AIHM proved to be serving one as they merrily cooked and served their ‘Little Heroes’ from ‘Himalaya Nav Jivan Sansthan.’

Hospitality is empathy for AIHM faculty and students.
